

Workmate® WORK CENTERS

79-034

79-034 WORKMATE® 400 Work Center

The front jaw on WORKMATE® 400 swings up for 2¼" vertical clamping. This allows user to work freely on material edges; clamp thin materials; or use vise jaws as a gluing clamp. It holds things up to 16" wide between pegs and 8" between vise jaws. Dual height. 33½ lbs.

WORKMATE® Work Centers

WORKMATE® Work Center is a "must" addition to any Do-It-Yourselfer's home workshop because it makes any job easier to do. WORKMATE® is a completely portable work bench, vise, and sawhorse — all in one versatile tool. All WORKMATE® models have vise jaws which angle to allow wedge shapes to be held; v-grooves in vise jaws to hold pipe or tubing; a sturdy base of steel; and all fold up for easy carrying and storage.

Workmate® BENCH VISES

79-025

79-025 HOBBYCRAFTER Vise

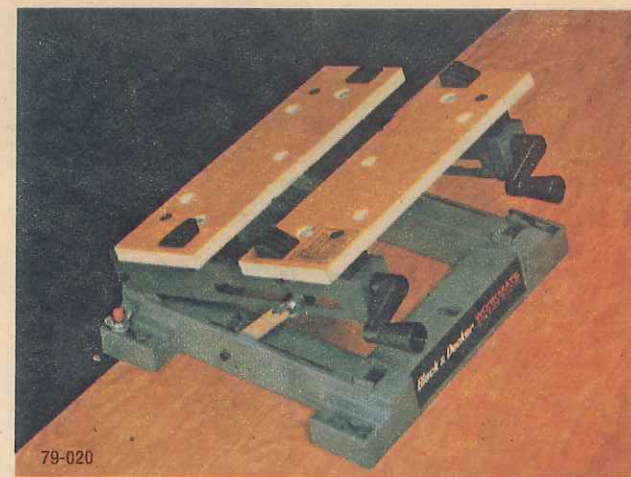

Great for hobbies, crafts, and painting because the tilting HOBBYCRAFTER leaves your hands free to do the work! It attaches to any work surface up to 2¼" thick. HOBBYCRAFTER has powerful 8" vise jaws which open to 3" wide; plus it tilts and also rotates in any direction. An ideal gift for the home hobbyist.

79-020 Tilt Top Vise

Take your work center to the job with the Tilt Top — it makes any surface a work surface. It mounts (with included clamps) on any work surface up to 2½" thick. It tilts to 3 positions for even greater versatility. 16" vise jaws open to 5¼" wide. 14 lbs.

79-023 Standard Vise

This vise is similar to 79-020 but does not tilt. It mounts with included clamps on any work surface up to 2½" thick. 16" vise jaws open to 5¼" wide.

79-020

79-033

79-032

79-031

79-033 WORKMATE® 300 Work Center

The dual height WORKMATE® 300 has 29" vise jaws which open a full 5¼" wide. Swivel pegs expand holding capability to 11¾" wide. 29 lbs.

79-032 WORKMATE® 200 Work Center

The 23¾" vise jaws on WORKMATE® 200 open 5¼" wide. Swivel pegs hold shapes up to 11¾" wide. Holes in the step provide storage for tools such as screwdrivers, pliers, chisels. Dual height. 26 lbs.

79-031 WORKMATE® 100 Work Center

Lowest cost model. Holes in front cross base hold screwdrivers, pliers, chisels, etc. The 23¾" vise jaws open 5¼" wide. Swivel pegs hold shapes up to 11¾" wide. 23" rule on front jaw permits easy measuring. Single height. 21 lbs.

Folding Sawhorses

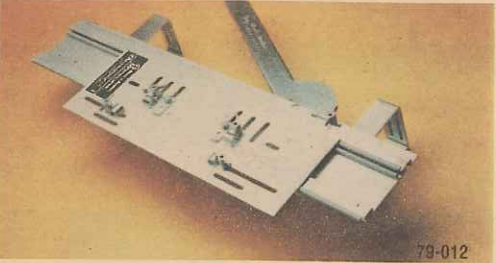

79-052

79-051 Folding Sawhorse (Single)
There's never been a sawhorse like it—the Folding Sawhorse **locks** open for stability, and then **folds up** for convenient storage. Yet it's stable, sturdy, and strong with a high-impact load-bearing frame. Convenient working height of 30". The legs adjust for leveling on an uneven surface. 16 lbs.

79-052 Folding Sawhorses (Pair)

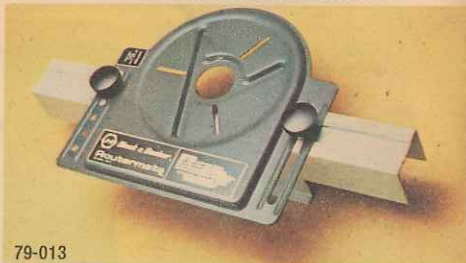

Extend the versatility of the WORKMATE® Work Center with WORKMATE® Attachments. Available at your local retailer or directly through Black & Decker.

WORKMATE® Attachments

79-012

79-012 WORKMATE® Saw & Mitre Guide
Can be used with any 7 1/4" circular saw and a WORKMATE® Work Center to give you a greater degree of accuracy. Use for cutting rafters, floor joists, studs, aluminum siding.

79-013

79-013 WORKMATE® Router and Shape Guide
Can be used with all Black & Decker and most other routers to perform shaping and routing on WORKMATE® easily. Handy for routing edges, beading, free hand routing of fancy designs.

79-015

79-015 WORKMATE® Drill Guide
For use with most popular 1/4" and 3/8" power drills. Held in WORKMATE®, it can be used to drill horizontally, perpendicularly, or at an angle. It's also a drill press and level.

79-016

79-016 WORKMATE® Clamp Attachments (Pkg. of 2)
Easily operated tools that clamp parts for gluing, hold items for sawing, drilling, sanding, or routing on a horizontal surface.

79-018

79-018 Horizontal Clamp
Increases clamping capacity and provides extra stability and pressure for large objects. Can also fit in workbenches by drilling a hole.

79-010 Swivel Pegs (2) For additional versatility in holding objects, or to replace lost pegs.

Cutters

Cutters
All Black & Decker electric nylon line trimmers give that "landscaped" look to your yard—quickly and easily. All models have an instant release switch with trigger guard to prevent accidental turn-on and there is an automatic line cut-off for user protection. Double insulated, lightweight, and U.L. listed.

8255 12" Cutter with Command Feed™
Black & Decker's most powerful line trimmer. Cutter powers through grass. And with Command Feed™, a unique feeding mechanism, just the touch of a button advances more line. 12" swath, 10,500 rpm, 4.3 amps. 5 1/2 lbs.

8251 10" Cutter with Command Feed™
Same features as 8255, except 10" swath, 10,700 rpm, 2.5 amps, 5 1/2 lbs.

8251

8255

Nylon Line Trimmers

8201

8204

8204 9" Nylon Grass/Weed Trimmer
9" cutting swath for smaller size lawns. This model has a control feed system—extends more line by simply tapping the trimmer on the ground. 10,500 rpm, 1.5 amps. 2 1/2 lbs.

8201 7" Nylon Grass/Weed Trimmer
Lighter duty trimmer for light growth in hard-to-reach places. No automatic line cut-off. 12,000 rpm, 1.1 amps. 2 1/2 lbs.
